

# CARPATHIAN HUNTERS

*Discretion. Access. Results*

*Est. 2005*

# PRIVATE HUNTING COORDINATION

Romania | Europe

Carpathian Hunters operates as a private hunting coordination and client support service.

We plan and organize custom hunting programs, fully aligned with Romania's legal framework.

We secure access, organize logistics, and supervise every hunt on site.

From species selection by pre-scouting to trophy export, each step is clear, documented, and controlled.

No automated bookings.

Every program is built through direct consultation.

# ROOTED IN THE CARPATHIANS. BUILT NATIONWIDE.

We operate with a clear structure and a defined role.

We connect the client to the right ground, the right team with the right legal framework.

Everything is planned. Everything is verified. Everything is controlled.

## OUR OPERATIONAL VISION

- Clear access before any commitment.
- Legal certainty before any planning.
- Structure before execution.
- Control before flexibility.

*We eliminate uncertainty.  
We replace it with process.*

## HOW WE WORK

- Each program is built individually.
- Each area is selected for a specific purpose.
- Each hunt follows a plan.
- Each step is confirmed before arrival

*No improvisation. No uncontrolled variables.*

## STRUCTURE OVER SCALE

- Central coordination.
- Local execution.
- Unified standards.

Different areas.

Different species.

Same level of control.

## OUR POSITION IN THE HUNTING CHAIN

- We act as the client's operational representative.
- We manage coordination on the ground.
- We control the entire process.
- We protect structure and legality.
- We secure predictable outcomes.

## THE STANDARD

- Discretion in communication.
- Simplicity in structure.
- Discipline in execution.
- Responsibility in every decision.

# NETWORK COVERAGE

Nationwide structure. Controlled access. Verified partners.

- Selected network of authorized hunting areas across Romania.
- Long-term cooperation with licensed local hunting associations.
  - Uniform standards, regardless of area or species.

## OPERATIONAL SCALE

- 50+ selected hunting areas.
- 500,000+ hectares of wild territories.
- Mountain, forest and lowland ecosystems.
- Access to all Romanian game species.
- Private areas, state owned areas & hunting clubs

## WHY THIS MATTERS

- Access is real, not theoretical.
- Availability is verified for all requested services.
- Programs are built on confirmed capacity.
- Execution is based on structure, not by chance.

## FIELD STRUCTURE

- Professional local guides and trackers.
- Dedicated operational teams in each region.
- Standardized procedures in all hunting areas.
- Permanent coordination and supervision.

## THE RESULT

- Stable operations.
- Predictable planning.
- Controlled field execution.
- Reliable long-term performance.
- Team development
- Satisfied & returning guests

*Different regions. Different species. Same method of work.*

*This is how Carpathian Hunters works.*

# OPERATIONAL STRUCTURE

How each program is built and managed.

## COORDINATION

- One point of communication.
- Direct communication with guides and local teams.
- Continuous on-site assistance
- Daily planning and confirmation.

## FIELD EXECUTION

- Licensed local guide per hunter.
- Area-specific expertise for each species and terrain.
- Defined safety rules

## LOGISTICS

- Transfers, accommodation and daily program flow.
- Equipment handling and timing coordination.
- Full operational support throughout the hunt.
- Firearm import procedure or rental support.
- All hunting documentation & permits.

## LEGAL & COMPLIANCE

- All programs organized strictly within Romanian law.
- Official permits, quotas, and hunting seasons respected.
- Full alignment with international export regulations.

## TROPHY HANDLING

- Field preparation and secure storage.
- Official measurements.
- Trophy export documentation.
- Coordination with taxidermy and shipping partners.

*Each responsibility is clear.*

*Each program follows the same operational standard.*

# THE EXPERIENCE

## How a hunting day is structured

### A TYPICAL HUNTING DAY

- Weather and safety briefing.
- Equipment check.
- Briefing before entering the field.
- Area-specific strategy.
- Continuous guide coordination.
- Clear communication throughout the day.

### IN THE FIELD

- One guide per hunter is mandatory.
- Methods adapted to the species, area and physical abilities.
- Safety procedures strictly applied.
- Ethical shot selection and confirmation.
- Trophy handling and honoring protocol.

### WHAT CLIENTS VALUE MOST

- Clear planning.
- Calm rhythm.
- Direct decision.
- Time spent hunting, not waiting.

### AFTER THE HUNT

- Field documentation.
- Trophy preparation.
- Transport to safe storage.
- Daily review and planning for the next day.

### COMFORT LEVEL

- Accommodation selected according to program type.
- Local guesthouses, private lodges, rustic cabins/tents, or premium locations.
- Transfers organized in advance.
- Flexible upgrade options available.

*Every day follows a plan.  
Every plan is confirmed in advance.*

# THE SPECIES WE WORK WITH

BASED on LANDFORMS & METHODS

We focus on real, wild game.

Native populations. Natural habitats. Regulated seasons.

No artificial conditions.

Only free-range, controlled wildlife.

## MOUNTAIN GAME

- Carpathian Chamois
- Carpathian Red Stag
- Brown Bear
- Wild boar

Steep terrain.

Physical effort.

Precise shooting.

Limited access.

*Spot and stalk.*

*Waiting at feeding places.*

Single & precise shot.

## FOREST & HILL GAME

- Red Stag
- Brown Bear
- Roe Deer
- Fallow Stag
- Wild Boar
- Foxes & Jackals

Massive woodlands.

Rolling Hills.

Diverse agriculture fields.

*Stalking, high seat & driven hunts.*

*Exploring the areas by 4x4.*

*Controlled distances.*

*Quiet movement.*

## BIRDS & LOWLAND GAME

- Quail & Doves
- Pheasant & Hares
- Duck & Goose
- Foxes & Jackals
- Wild boar
- Red, Fallow & Roe Deer

Agriculture flat lands.

Migratory birds.

High density of deer & wild boar population.

*Walking up with dogs.*

*Driven hunts.*

*Night hunts.*

*Decoys, calls, boats & blinds.*

## HOW WE SELECT

- Based on season.
- Based on legal quotas.
- Based on terrain conditions.
- Based on trophy objectives.
- Based on field efficiency.

*No species is offered without confirmed access.*

*September to November allows mixed-species programs, from mountain to lowland game within one itinerary.*

# THE CARPATHIAN HUNT

Where terrain and challenge define the experience.

## WHAT DEFINES A CARPATHIAN HUNT

- Steep, remote terrain shaped by natural wildlife movement.
- Free-range game living alongside large predators.
- Individual focus, not volume.
- A pure mountain experience.
- Unpredictability.

## OUR FLAGSHIP PROGRAMS ARE BUILT FOR

- Experienced international hunters.
- Hunters seeking authenticity & challenge.
- Those who value effort as much as result.
- Individuals and small private groups only.
- Hunters who value difficulty as part of the experience.

## THE DIFFERENCE IS IN EXECUTION

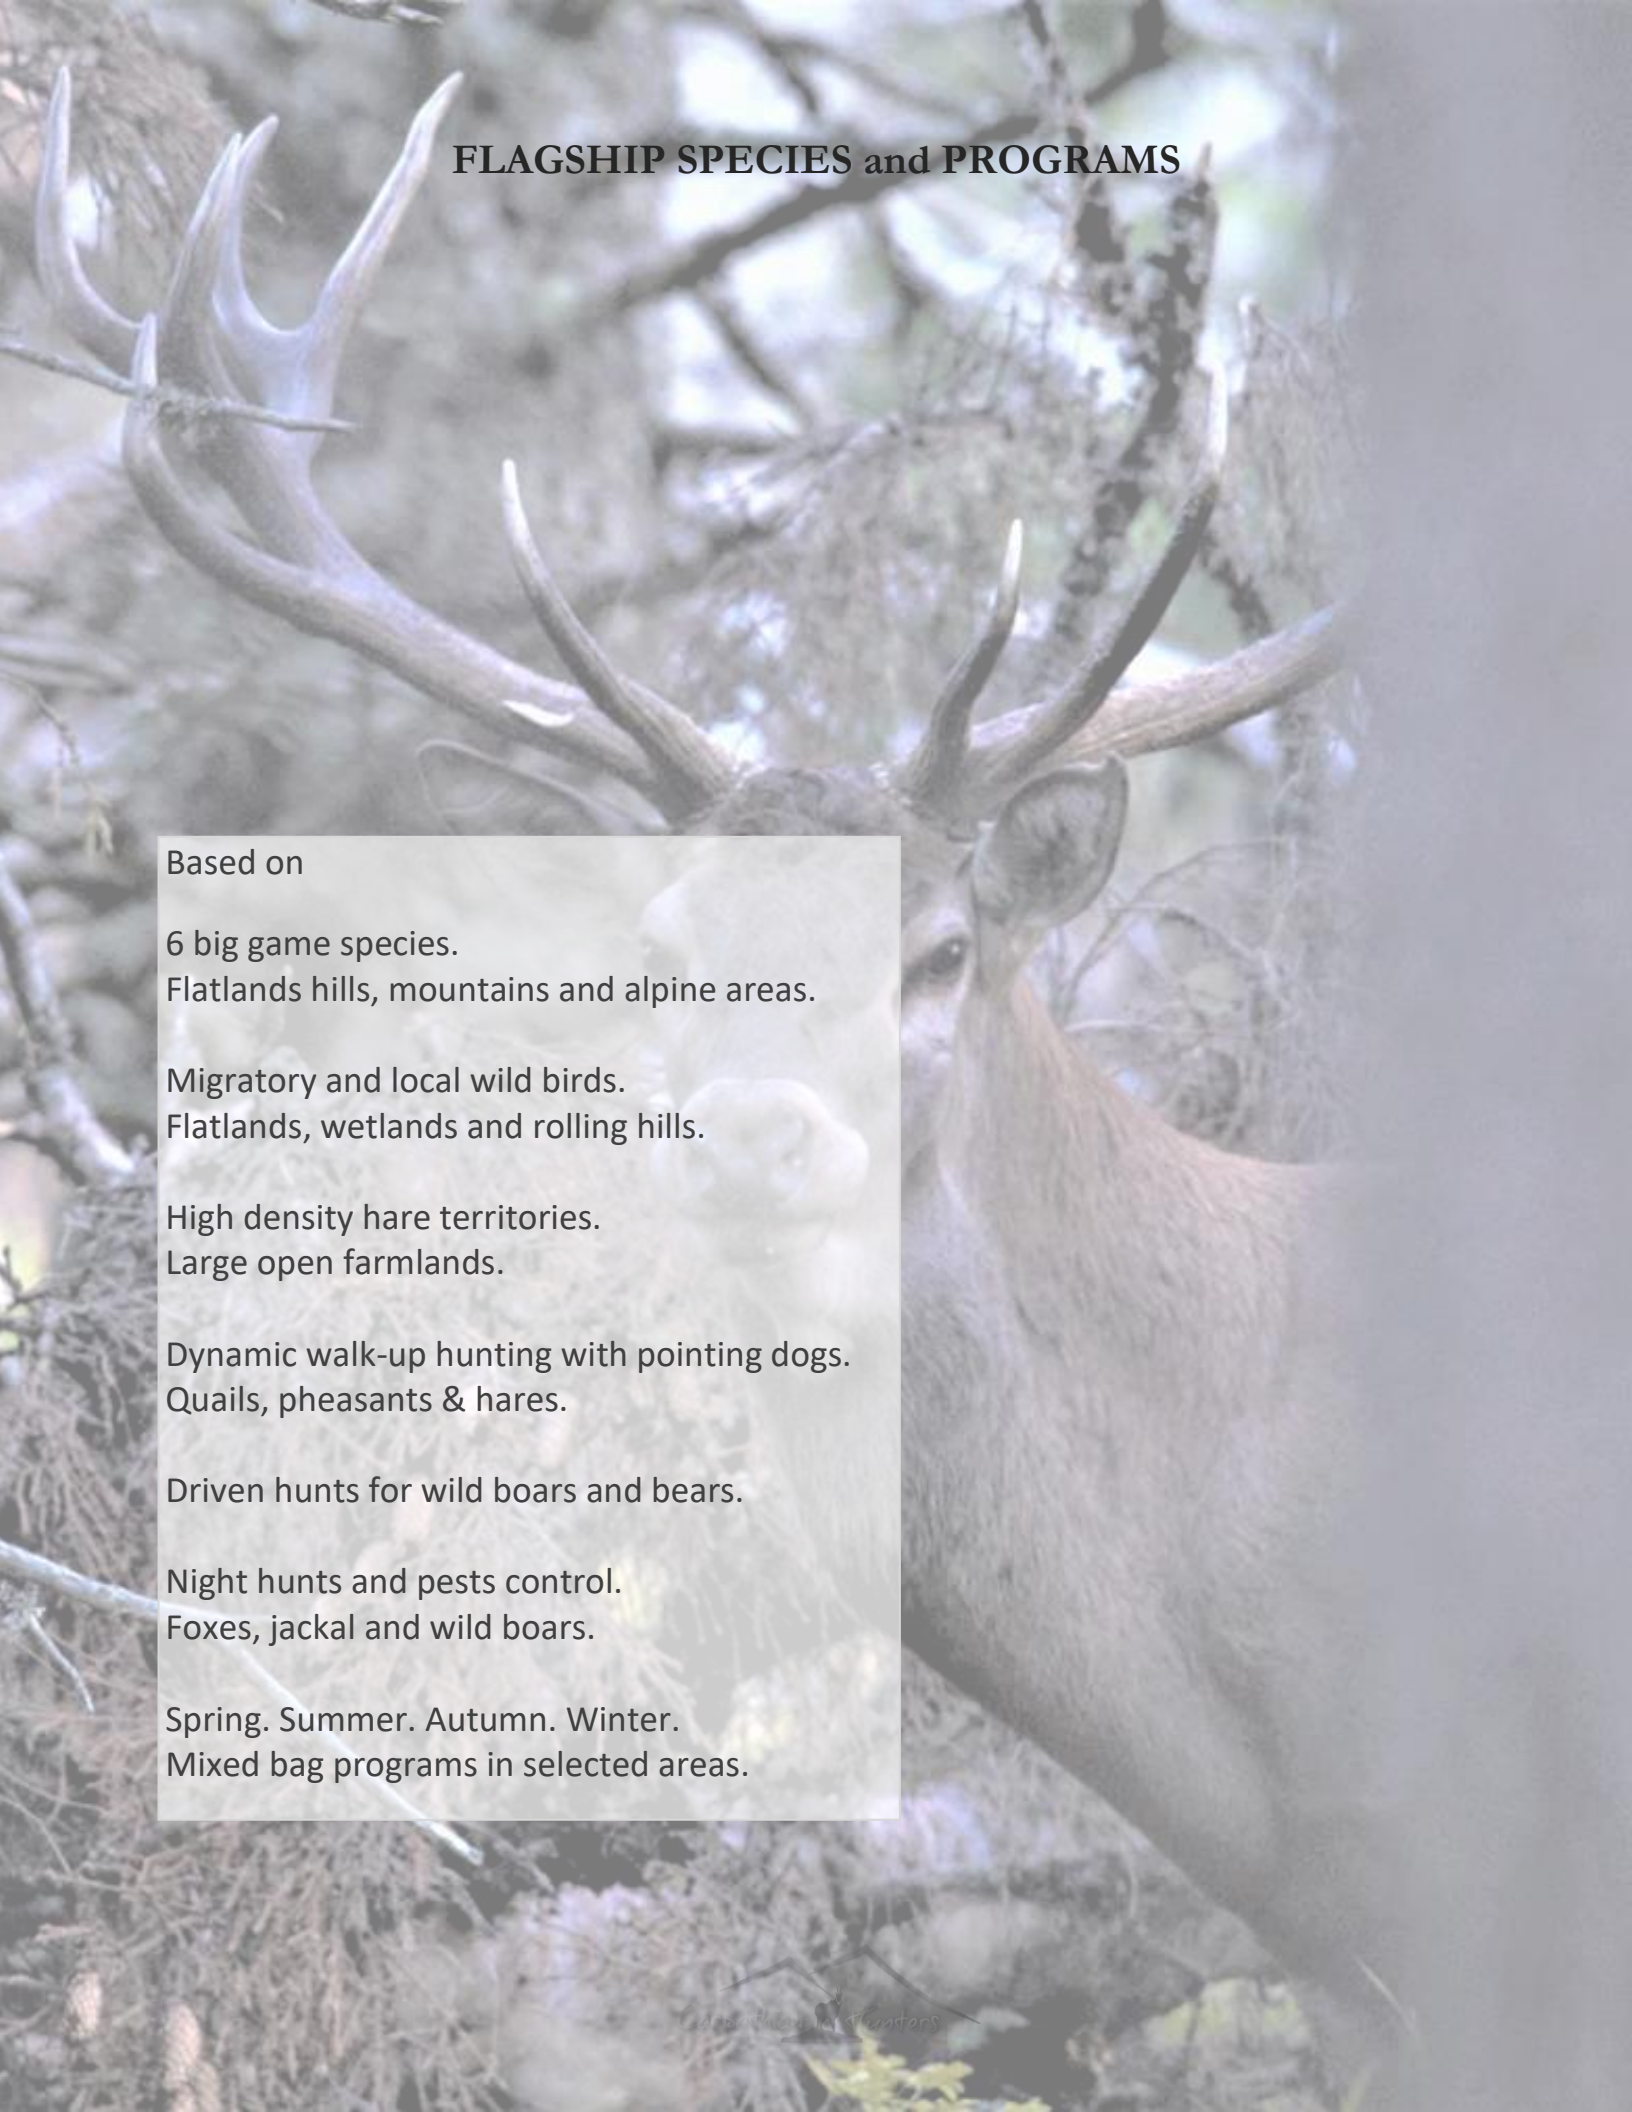

- Adapted daily to weather, visibility and animal movement.
- Realistic expectations, based on current field conditions,
- Dedicated local teams.
- Only real-time decisions.
- Continuous adaptation to wildlife behavior, predator presence and seasonal pressure.

## WHAT THIS MEANS IN PRACTICE

- Limited daily capacity.
- No overbooking.
- No artificial guarantees.
- Only real conditions and real outcomes.
- Europe's highest large-predator densities.
- Naturally selected game, stronger and more alert.
- Real hunting, in real wilderness.

*History. Tradition. Challenge.*

## FLAGSHIP SPECIES and PROGRAMS

Based on

6 big game species.

Flatlands hills, mountains and alpine areas.

Migratory and local wild birds.

Flatlands, wetlands and rolling hills.

High density hare territories.

Large open farmlands.

Dynamic walk-up hunting with pointing dogs.

Quails, pheasants & hares.

Driven hunts for wild boars and bears.

Night hunts and pests control.

Foxes, jackal and wild boars.

Spring. Summer. Autumn. Winter.

Mixed bag programs in selected areas.

# Carpathian Chamois

(*Rupicapra rupicapra carpatica* L.)

## THE HUNT

- High-alpine stalking in steep, exposed terrain.
- Spotting and stalking in rocky forested areas.
- Long glassing sessions and accurate shots.
- Physically and technically demanding.
- 1:1 and 2:1 guiding options.
- Duration of the outing: from 5 to 16 hours
- Expected shooting distance: 250 - 300 m (300 yards).
- Variable weather conditions, often changing rapidly
- Limited daily opportunities, quality over quantity.

## SEASON 1<sup>st</sup> September – 15<sup>th</sup> December

- Prime: 1 October – 1<sup>st</sup> December
- Secondary: September, combined with red stag as priority species.
- Rut: 20<sup>th</sup> October – 10<sup>th</sup> November
- Weather stability is critical for safe access and clear shooting conditions.
- Early snowfall can improve visibility but may limit terrain access.
- Strong winds and fog can delay or cancel outings.

## KEY NOTES

- The Carpathian Chamois is endemic subspecies, found exclusively in Romania.
- Renowned for producing world-class trophies within the European chamois family.
- Official CIC measurement and certification available.
- Considered one of the most demanding mountain hunts in Europe.
- Requires strong physical condition, mountain experience and mental focus.
- A benchmark species for serious alpine hunters seeking technical difficulty and rarity.

# Carpathian Red Stag

(*Cervus elaphus montanus* L.)

## THE HUNT

- Spot & stalk and calling during the roaring rut.
- From moderate to highly challenging mountain stalking.
- Vast forested territories and remote alpine valleys.
- Rut calling, vocal interaction and dynamic positioning.
- One hunter, one guide, full focus on execution.
- Wind, sound direction and terrain dictate every move.
- Typical outing duration: 4 to 17 hours.
- Expected shooting distance: 80–300 m (90–320 yards).

## SEASON 1<sup>st</sup> September – 15<sup>th</sup> December

- Prime & Rut time: 15<sup>th</sup> September – 10<sup>th</sup> October
- Secondary: November–December as secondary species
- Rut activity defines movement, visibility, and trophy exposure.
- Weather stability is essential for calling effectiveness.

## KEY NOTES

- One of Europe's most authentic free-range mountain red stag hunts.
- Strong, naturally regulated populations shaped by wolves, lynx, and bears.
- Trophy quality driven by true wilderness pressure, not artificial management.
- Official CIC measurement and certification available.
- Combines raw wilderness, exceptional biodiversity and classical European tradition.
- A benchmark hunt for experienced hunters seeking authenticity and difficulty.
- Lowland and hill hunts offer close-range encounters in mixed forest–agricultural landscapes with high wildlife density.
- Bear presence in these areas adds an additional level of awareness, discipline and true wilderness tension to every stalk.

# Eurasian Brown Bear

(*Ursus arctos arctos* L.)

## THE HUNT

- Driven hunts rooted in centuries-old European noble hunting tradition.
- Individual spot, stalk and waiting at feeding places.
- One hunter, one guide, full focus on safety and execution.
- Absolute discipline in positioning, communication and shot placement.
- 1:1 guiding format standard for individual hunts.
- Typical duration: 2 to 6 hours.
- Expected shooting distance: 40–150 m (45–165 yards).
- One of the most intense and controlled big game experiences in Europe.

## SEASON - all year round

- Prime: March – May (spring season).
- Prime: October – November (autumn season).
- Spring offers concentrated movement after winter.
- Autumn provides peak body condition a
- Season planning adapts to forest structure and regional bear behavior.
- Prime time for driven hunts: September-October

## KEY NOTES

- Romania holds the highest brown bear density relative to habitat size in Europe.
- Home to the strongest and most biologically powerful bear population of its subspecies.
- Known worldwide for producing record-class trophies in skull and fur.
- Official CIC measurement and certification available.
- The only country preserving authentic European driven bear hunts.
- A benchmark experience for serious big game hunters seeking the ultimate European predator.

### IMPORTANT LEGAL NOTICE

*Brown Bear hunting in Romania is strictly regulated by governmental authorities and subject to annual legislative changes. Hunting quotas, conditions and availability may vary significantly from one season to another and are determined exclusively by official decisions.*

*Trophy fees and hunting conditions differ depending on each hunting association and the allocated quotas. In addition, current legislation may impose restrictions regarding trophy size and export eligibility.*

*All Brown Bear programs are confirmed only after the official release of quotas and legal regulations for the respective season, ensuring full compliance with Romanian and international wildlife protection laws.*

# European Roe Buck

(*Capreolus capreolus* L.)

## THE HUNT

- Classic stalking in mixed agricultural and rolling hills landscapes.
- Early morning and late evening outings focused on territories and feeding areas.
- Precise, short to medium range shooting.
- Strong emphasis on animal selection and correct age assessment.
- One hunter, one guide, full focus on execution.
- Quiet approach, careful positioning, and controlled shot placement.
- 1:1 and 2:1 guiding formats available.
- Typical outing duration: 2 to 4 hours.
- Expected shooting distance: 60–250 m (65–270 yd).

## SEASON 1<sup>st</sup> May – 15<sup>th</sup> October

- Prime: May – June (spring stalking season).
- Prime: Late July – early August (rut season).
- Secondary: Sept-Oct, depending on quotas availability.
- Rut activity offers dynamic movement and strong visual opportunities.
- Best activity at first light and last light.

## KEY NOTES

- Romania holds some of Europe's strongest free-range roe deer populations.
- Access to over 300,000 hectares of premium roe deer territories in Romania's best lowlands and rolling hills.
- Consistent production of gold medal class trophies each season.
- A true Transylvanian slow-living experience, defined by quiet mornings and untouched countryside.
- A perfect balance between technical hunting and high trophy standards.
- Highly selective management ensures consistent trophy quality.

# Fallow Stag

(Dama dama L.)

## THE HUNT

- Selective stalking in open forests, meadows and mixed lowland terrain.
- Quiet approach and precise positioning in calm, controlled environments.
- Strong focus on observation and trophy quality before any decision.
- Elegant species requiring patience and discipline.
- 1:1 and 2:1 guiding formats available.
- Typical outing duration: 2 to 3 hours.
- Expected shooting distance: 60–200m (65–220yd).

## SEASON 1<sup>st</sup> September – 15<sup>th</sup> December

- Prime: 5<sup>th</sup> – 25<sup>th</sup> October (rut season).
- Secondary: all season
- Rut activity brings increased movement and strong visual encounters.
- Best activity during early morning and late afternoon.

## KEY NOTES

- One of Europe's most elegant and visually distinctive big game species.
- Dense and stable populations, ensuring high encounter rates and consistent access to mature trophies.
- Ideal for hunters who value refinement, patience and controlled execution.
- Combines visual beauty with precise, technical hunting.
- A perfect complement to other flagship species during the October peak season.
- High density population present in the western plain territories of Romania.

# Carpathian Wild Boar

(*Sus scrofa attila* L.)

## THE HUNT

- Traditional driven hunts with organized lines, beaters and strict safety discipline.
- Individual stalking and spotting at feeding areas during calm periods.
- Fast decision-making and precise shooting under dynamic conditions.
- One hunter, one guide, full focus on field coordination.
- 1:1 and 2:1 guiding formats available for stalking and night hunt programs.
- Typical outing duration: 4 to 12 hours.
- Expected shooting distance: 30–150 m (35–170 yd)

## SEASON – all year round

- Prime: November – January.
- Peak period for classic driven hunts and winter movement patterns.
- Stalking and feeding-area hunts available throughout the entire season.
- Cold weather increases activity and visibility.
- Best action during early morning and late afternoon.

## KEY NOTES

- One of Europe's most authentic driven hunt traditions, preserved in Transylvania.
- Strong and resilient wild boar populations in selected hunting areas.
- Combines adrenaline, teamwork and strict operational discipline.
- A defining European big game experience for hunters seeking intensity and tradition.
- A unique opportunity to combine classic driven wild boar hunts with brown bear, the only place in the world where both experiences can be integrated within the same drive, a tradition renowned since ancient times.

# Small Game & Birds

## THE HUNT

- 100% wild, free-range hunting. No released game.
- Migratory and resident species in their natural habitats.
- Active walk-up hunting and classic shooting styles.
- Dog work: pointing, flushing, and retrieving.
- Duck & goose hunts: boats, decoys, calls and blinds.
- Foxes & jackals hunting programs using thermal equipment, 4x4 vehicles, special permits.
- Fully legal, ethical, and professionally organized.
- Conducted in swamps, flat lands and rolling hill territories.

## SEASON – 15<sup>th</sup> August – 28<sup>th</sup> February

- Programs available across multiple seasons depending on species.
- August- October: quail & doves.
- October-February: quail, pheasants, hare, geese, ducks and small predators.
- Seasonal planning adapted to migration patterns and habitat conditions.
- Each hunt follows official calendars and approved quotas.

## KEY NOTES

- A complete European small game portfolio in one destination.
- High-quality dog work as a central element of every hunt.
- Traditional shooting combined with modern field organization.
- Diverse landscapes, from wetlands to open plains and rolling hills.
- Ideal for hunters who value authenticity, rhythm, and classic sporting culture.
- A perfect complement to big game programs and mixed bag expeditions.

# TROPHY HANDLING

From field to trophy room.

*We treat every trophy as a valuable asset.*

*Handled legally, ethically and professionally, from the moment of harvest until final delivery.*

## FIELD HANDLING

- The trophy is honored according to traditional hunting ethics and respect for the game.
- Last bite and blood branch are offered as symbols of respect and tradition.
- Immediate tagging and registration on site.
- Field documentation completed the same day.
- Proper initial cleaning and preservation.
- In most cases, trophies are fully cleaned before the client's departure, allowing for official measurements and accurate weighing.

*This guarantees transparency, accuracy, and full control of each trophy from the very first moment.*

## OFFICIAL DOCUMENTATION

- Hunting permits and evaluation certificates.
- CIC evaluation certificates & medals when requested.
- Veterinary certificates.
- Export permits and customs documentation.
- CITES documentation when required.

*Everything is prepared before export.  
No legal risks.*

## WHAT THIS MEANS FOR THE CLIENT

- Your trophy is legally secured.
- Your investment is protected.
- No bureaucracy on your side.
- No surprises at customs.
- A clean, professional handover.

## PREPARATION & PROCESSING

- Professional skull and skin preparation (export standard)
- Degreasing, salt curing and drying for skins and furs.
- Secure storage in controlled conditions until all export documentation is completed, including CITES where applicable.
- Trophy mounting available on request through selected taxidermists.

*Each trophy is processed individually, stored safely, fully traceable, and released only after all legal export requirements are completed.*

## EXPORT & SHIPPING

- Air freight or ground transport options.
- Direct shipment to client or to appointed taxidermist.
- Secure packaging for skulls, skins and mounted trophies.
- Full tracking until final destination.

*Predictable timelines. Controlled logistics.*

# PREMIUM SERVICES

Beyond the Hunt

## LOGISTICS & TRANSPORT

- Private helicopter transfers.
- VIP ground transfers with premium vehicles.
- Fast-track logistics between multiple hunting regions during the same trip.

## PERSONALIZED PROGRAM DESIGN

- Mixed hunting and leisure itineraries.
- Family-friendly and companion programs.
- Fully customized schedules.

## PRIVACY & DISCRETION

- Private areas reserved exclusively for your group.
- Confidential handling of movements, accommodation and logistics.
- Dedicated on-site coordination team.

## ACCOMMODATION UPGRADES

- Luxury mountain lodges and private hunting chalets.
- 5-star hotels and boutique resorts in selected areas.
- Exclusive private villas and countryside estates.

## EXCLUSIVE EXPERIENCES

- Private wine tastings in historic Transylvanian cellars.
- Fine dining with local chefs and traditional game cuisine.
- Guided cultural tours: castles, fortified churches, medieval towns.
- Golf resort access and spa programs for non-hunting companions.

## WHY THIS MATTERS

- Your hunt becomes a complete experience, not just a trip.
- Seamless transition between wilderness and luxury.
- Maximum efficiency, comfort, and flexibility.
- Tailored for international clients expecting premium-level service.

*Every premium service is optional, available on request, and fully adapted to the hunting program.*

# GALLERY

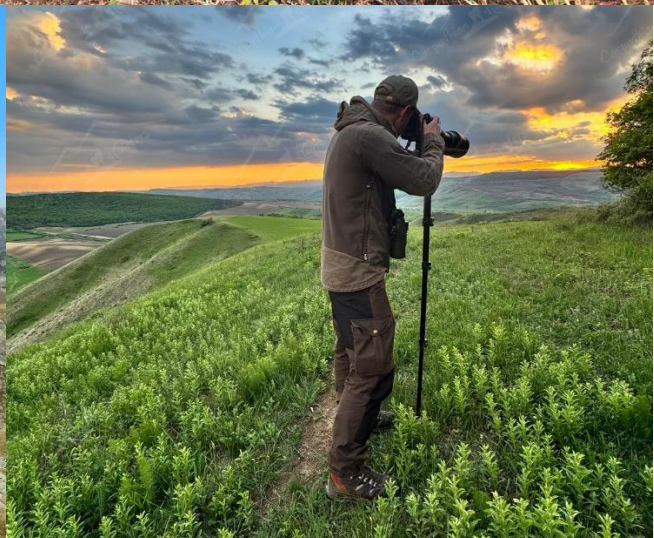

# LOGISTICS

Controlled. Structured. Predictable.

## ACCESS & TRANSPORT

- Airport pickup and private transfers.
- 4x4 off-road vehicles adapted to terrain.
- Helicopter access available in selected areas.
- Daily positioning based on terrain, weather and target species.
- Efficient relocation between regions for multi-species trips.
- Time discipline. No delays. No wasted hours.

## EQUIPMENT & FIELD SUPPORT

- Professional guiding equipment and optics.
- Clear and efficient on-site communication.
- Field vehicles and recovery equipment where needed.
- Safety briefings before each outing.
- Coordinated guide work, with defined roles on the ground.

## WHY THIS MATTERS

- You arrive with a plan.
- Every move is confirmed.
- The field runs on structure, not improvisation.

## ADMINISTRATION & LEGAL CONTROL

- Permits and local paperwork coordinated in advance.
- Firearms import assistance or local rifle solutions where applicable.
- Access and quotas verified before confirmation.
- Clear program rules and compliance with the legal framework.
- No informal arrangements. No last-minute surprises

## REQUIRED DOCUMENTS

- Valid passport
- European Firearms Pass (where applicable).
- Hunting insurance.
- Hunting license.
- Invitation letter.
- Romanian temporary hunting permit.
- Temporary firearm import permit (non-EU).
- All local permits arranged in advance.

***All documentation is prepared and verified before arrival.***

# HOW TO START

Simple. Direct. Efficient.

- Initial contact by email or direct call.
- Brief discussion about group size, species, season and clear objectives.
- Program concept built based on availability and legal framework.
- Clear proposal with structure, timing and cost.
- Confirmation only after access and quotas are verified.
- Deposit secures the program.
- Final schedule and logistics are issued in writing.

No automated systems.  
No instant confirmations.  
No assumptions.

**Every hunt starts with planning.**  
**Every plan starts with verified access.**

# CONTACT & PRIVATE CONSULTATION

*Discretion. Access. Execution.*

All hunting programs are prepared individually, based on direct communication and clear objectives.

No automated bookings. No generic offers. Every request is handled personally.

For availability, reservations and private consultation, please contact us directly.

*Relationship-based. Built on Trust. Long-term.*
